Important Information – Please Read:

- If your chosen puppy (based on sex or color) is not available, you may transfer your deposit to another available puppy, another litter, or a future litter.
 - We do our best to anticipate puppy traits based on previous litters, but genetics are unpredictable.
 - **If you do not return the signed contract, your reserved puppy will be sold as-is with no health guarantee.**
 - **If temperatures prevent breeding or a female does not conceive, you may choose to transfer your deposit to another litter or wait for a future heat cycle.**
 - If you change your selection after the puppies are 3 weeks old (switch to another litter or puppy), an additional **\$200 deposit** will be required. You will also forfeit any payments already made toward the first puppy. This applies to puppies aged 3-8 weeks.
-

Final Payment & Puppy Selection:

- **Final payment and selection of your puppy must be completed by 5 weeks of age unless another arrangement has been made. Failure to do so may result in forfeiture of your puppy and your deposit.**
-

How to Choose Your Puppy:

- You can select your puppy from photos and videos that we provide.
- You may also tell us what qualities you're looking for in a puppy, and we will do our best to match you with the right one.
- We interact with the puppies daily and can offer insight on their personalities and temperaments.
- **If you do not communicate your choice by 5 weeks, we will select a puppy for you.**
